

ARMITAGE ANIMAL CLINIC

Adult Gold Plan for Dogs and Cats

At Armitage Animal Clinic, we believe proactive preventative care not only improves the quality of your pet's life, but will also add years to it.

A Preventative Health Plan establishes a baseline of information that allows us to carefully track your pet's healthcare needs, catching any potential problems early, when they are easiest to treat.

It's not insurance, it's Preventative Health!

Pet insurance is reactive, while our Preventative Health Plans are proactive. In other words, insurance is great for the things we don't want to happen, while a Preventative Health Plan is to help with the things we want to happen!

Every PHP is a 12 month plan to provide comprehensive wellness care to your beloved pet!
